

Dear Dr. Hamid Yaghoubi,

STECH'12 organizing committee would like to deliver our deep gratitude of your keen interest and commitment as a session organizer in the symposium.

As a session organizer, you will be undertaking the role of session chairman and review the submitted papers in your session category. Besides this, we cordially ask you to encourage your colleagues to participate and present their research work to STECH'12, contributing more than 5 papers to be submitted to your session category.

We believe that your involvement in STECH'12 will enrich symposium's scientific program and contribute to the success of the event. Again, organizing committee would like to acknowledge your commitment.

Should you have enquiries regarding scientific program, please let us know.

Regards,

Dr. Jae Chul Kim

Korea Railroad Research Institute
